

P.E. EXAM REVIEW COURSE CD-ROM PROGRAM

Are you ready for the P.E. Exam? The next P.E. Exam will be held on April 24th, 2009 which is approaching faster than you think. Now is not the time to worry; you still have time to prepare and we can help! Beginning at the end of February, the Eastern Iowa ASCE-YMG & the Herbert Hoover Chapter of Iowa Engineering Society (IES) are offering a PE Review Course to be held at Snyder & Associate's Cedar Rapids office on Thursday evenings from 5:30 PM - 9:00 PM.

We have purchased the ASCE P.E. Exam Self-Paced Review Course CD-ROM Package to review as a group. (Option 2: <http://www.asce.org/conted/distancelearning/peexamreview.cfm>) ASCE and SmartPros, Ltd. have created this multimedia electronic learning course in cooperation with the Boston Society of Civil Engineers Section (BSCES), featuring seven of the nation's top civil engineering instructors. This is not a teaching course; it is a review course including 7 different exam topics and nearly 50 hours of video. We'll review these courses in blocks as noted below.

This program will start February 26th and run through April 9th. Participants will meet at the Snyder & Associates office in Cedar Rapids (5005 Bowling Street SW, Suite A) from 5:30 PM - 9:00 PM each Thursday evening. The civil engineering topics to be covered by the seven weeks of classes are:

Examination Overview & Construction, Geotechnical, Structural, Transportation, Water Resources, & Environmental

Each subject (minus the Construction) is presented on the CD-ROM by an experienced instructor with sample problems, solutions, and sample questions in exam format. The Construction section will be led by local engineers, following sample questions and solutions provided via the "Construction Module". This will be an excellent refresher course to help prepare for the exam. Volunteers from the Eastern Iowa ASCE-YMG & IES will also be available to answer questions during the program.

The program cost for the seven-week review course is \$150 for ASCE &/or IES Members and \$200 for Non-members. Please check with your employer to see if they would cover this cost as part of your professional development. This cost includes dinner & soft drinks for each class, a binder with sample problems and solutions, and on-line access to the course. There will be a sign-up sheet for on-line access since we only have one username & password. If you are interested in the program, please register by faxing or emailing the completed attached sheet to Sarah Okerlund at 319-356-5007 or sarah-oklerlund@iowa-city.org by **Wednesday February 18th**. Program specifics will be sent to you and registration fee will be due at the first meeting. If you need additional information or have any questions, please contact Sarah at 319-356-5149.
